Convention Map

Dearest Attendee,

Loved ones from far and wide circle the hearth, a **loyalty** *withstanding the coldest of snowfalls. Gifts pass between hooves, delighting those they belong to, but none smile brighter than the* **generous** *somepony who gives.* **Laughter** *rises in the heart of the fire, up with the chimney smoke, to spill long over silver nights. In town, a smile shared among strangers, a wish for the new year—a simple* **kindness**. *The goodness found in the hearts of many, of* **honesty** *found no other time of the year. And the* **magic** *of it all enchants the world, falling in a thousand twinkling stars...*

Welcome to The Hearth's Warming Club 2025.

"Welcome, everypony! It's been two years since we started The Hearth's Warming Club, and my, what a wild two years it's been! I cannot even begin to express how grateful I am for everyone and everything that has brought us to this point. YOU all are the reason we have come so far. So, thank you, from the bottom of my heart, for placing your belief, trust, love, and support in us—and, of course, for attending, staffing, performing, vending, or whatever else you might do this Heath's Warming season!"
– *President Brooke McCan*

"Hello, and thank you for attending the Hearths Warming Club! It has been an incredible two years of planning, and I want to thank everyone involved for making this event possible. From staffers to attendees, and the city of Ithaca itself for hosting us. I hope you all have a wonderful time this weekend. If it's your first time in Upstate NY or your first pony convention ever, we hope you enjoy your time!"
– *Vice President Ctoacu*

"From the sunny coast of BABSCon to the far off land of UKPC and everything in between, this fandom has been nothing but beautiful and fun for me, no matter whether staff or attendee. The Hearth's Warming Club has been no exception, and I hope that this con is as magical and cozy for you as it's been for me."
– *Vice President SGT. Ardent*

Happy Hearth's Warming!

The Hearth's Warming Club Presents:

VILLAGE AT ITHACA

It takes a whole Village to raise, educate, affirm, and inspire a child. That's why Village at Ithaca works to build an equitable and inclusive community through anti-racist programs, advocacy, and holistic support.

The Village provides mediation and advocacy in schools with platforms like The Stolen Joy Project and the Youth Action Board, helps removes barriers to education such as transportation and technology, and through The Village Market, encourages youth to gain early employment and entrepreneurial experience. During the pandemic, it began weekly grocery deliveries that continue today thanks to community partnerships!

Together, these efforts and many more build a community where everyone is seen, heard, valued, and thriving.

WINTER
TIPS & TRICKS

OUTERWEAR & FOOTWEAR

Layer thick, insulated clothing to retain warmth outdoors. Protect heads, hands, and feet. Unprepared and need some winterwear? Drop by Operations for coats, mittens, and more!

Avoid wet clothing outdoors, which can sap body heat and cause cold injuries like hypothermia.

Wear shoes with traction or ice grips to avoid slipping on icy terrain.

Snow can melt through shoes and cause injury. Bring an extra pair of dry socks to avoid wet feet.

BLACK ICE WARNING

Also called clear ice, black ice is a transparent glaze that forms on pedestrian and road surfaces. Black ice is a dangerous hazard due to its slippery and near-invisible nature.

Drive slower under icy or low-visibility conditions.

Remember, wear shoes with traction and watch where you step!

EXTREME COLD & WIND CHILL

Extreme cold, when temperatures plummet dangerously low or below freezing, can be life-threatening.

Similarly, wind chill, also known as "feels-like" temperature, causes a rapid decrease in body heat due to increased wind speeds, although air temperature remains the same.

Both can result in severe cold injuries on exposed skin

Remember, always protect your extremities with thick, insulated clothing while outdoors!

VEHICLE SAFETY

Drive slowly in inclement weather. Low visibility, slippery conditions, and other hidden dangers can increase the potential of a life-threatening accident.

Consider keeping blankets, first aid, window breakers, and other emergency tools in your vehicle.

Snow and ice can quickly accumulate on parked vehicles outdoors. Clear buildup from hoods, roofs, windshields, windows, headlights, and license plates with a snow brush and/or ice scrapper.

Uncleared snow and ice can fall on vehicles behind you while moving—and may land you a ticket for reckless driving and endangerment!

SPATIAL AWARENESS

Snow can hide ice patches, uneven ground, and other underfoot hazards. Watch where you step.

Be vigilant of eaves, awnings, ledges, and tree branches where ice can fall unexpectedly. Never stand directly beneath ice hazards.
